#digsig14 unconference

Highlights from the 2014 DigSIG Unconference, October 2014

by  Cath Sheard 3 hours ago 1 Like 34 Views ▾

This years Digital Unconference was held at the Kate Edger Information Commons at Auckland Uni. It started at about 10am with quick introductions; people attended from all over the country and there was lots of variety in roles etc. More than 30 people attended - thanks to the organising committee.

Note - this is not exhaustive and the tweets in each section many not be totally in order, but I hope it captures some of the great thinking and fun) that was shared by participants.
